

HUANGRONG MOULD INTRODUCTION GUIDE

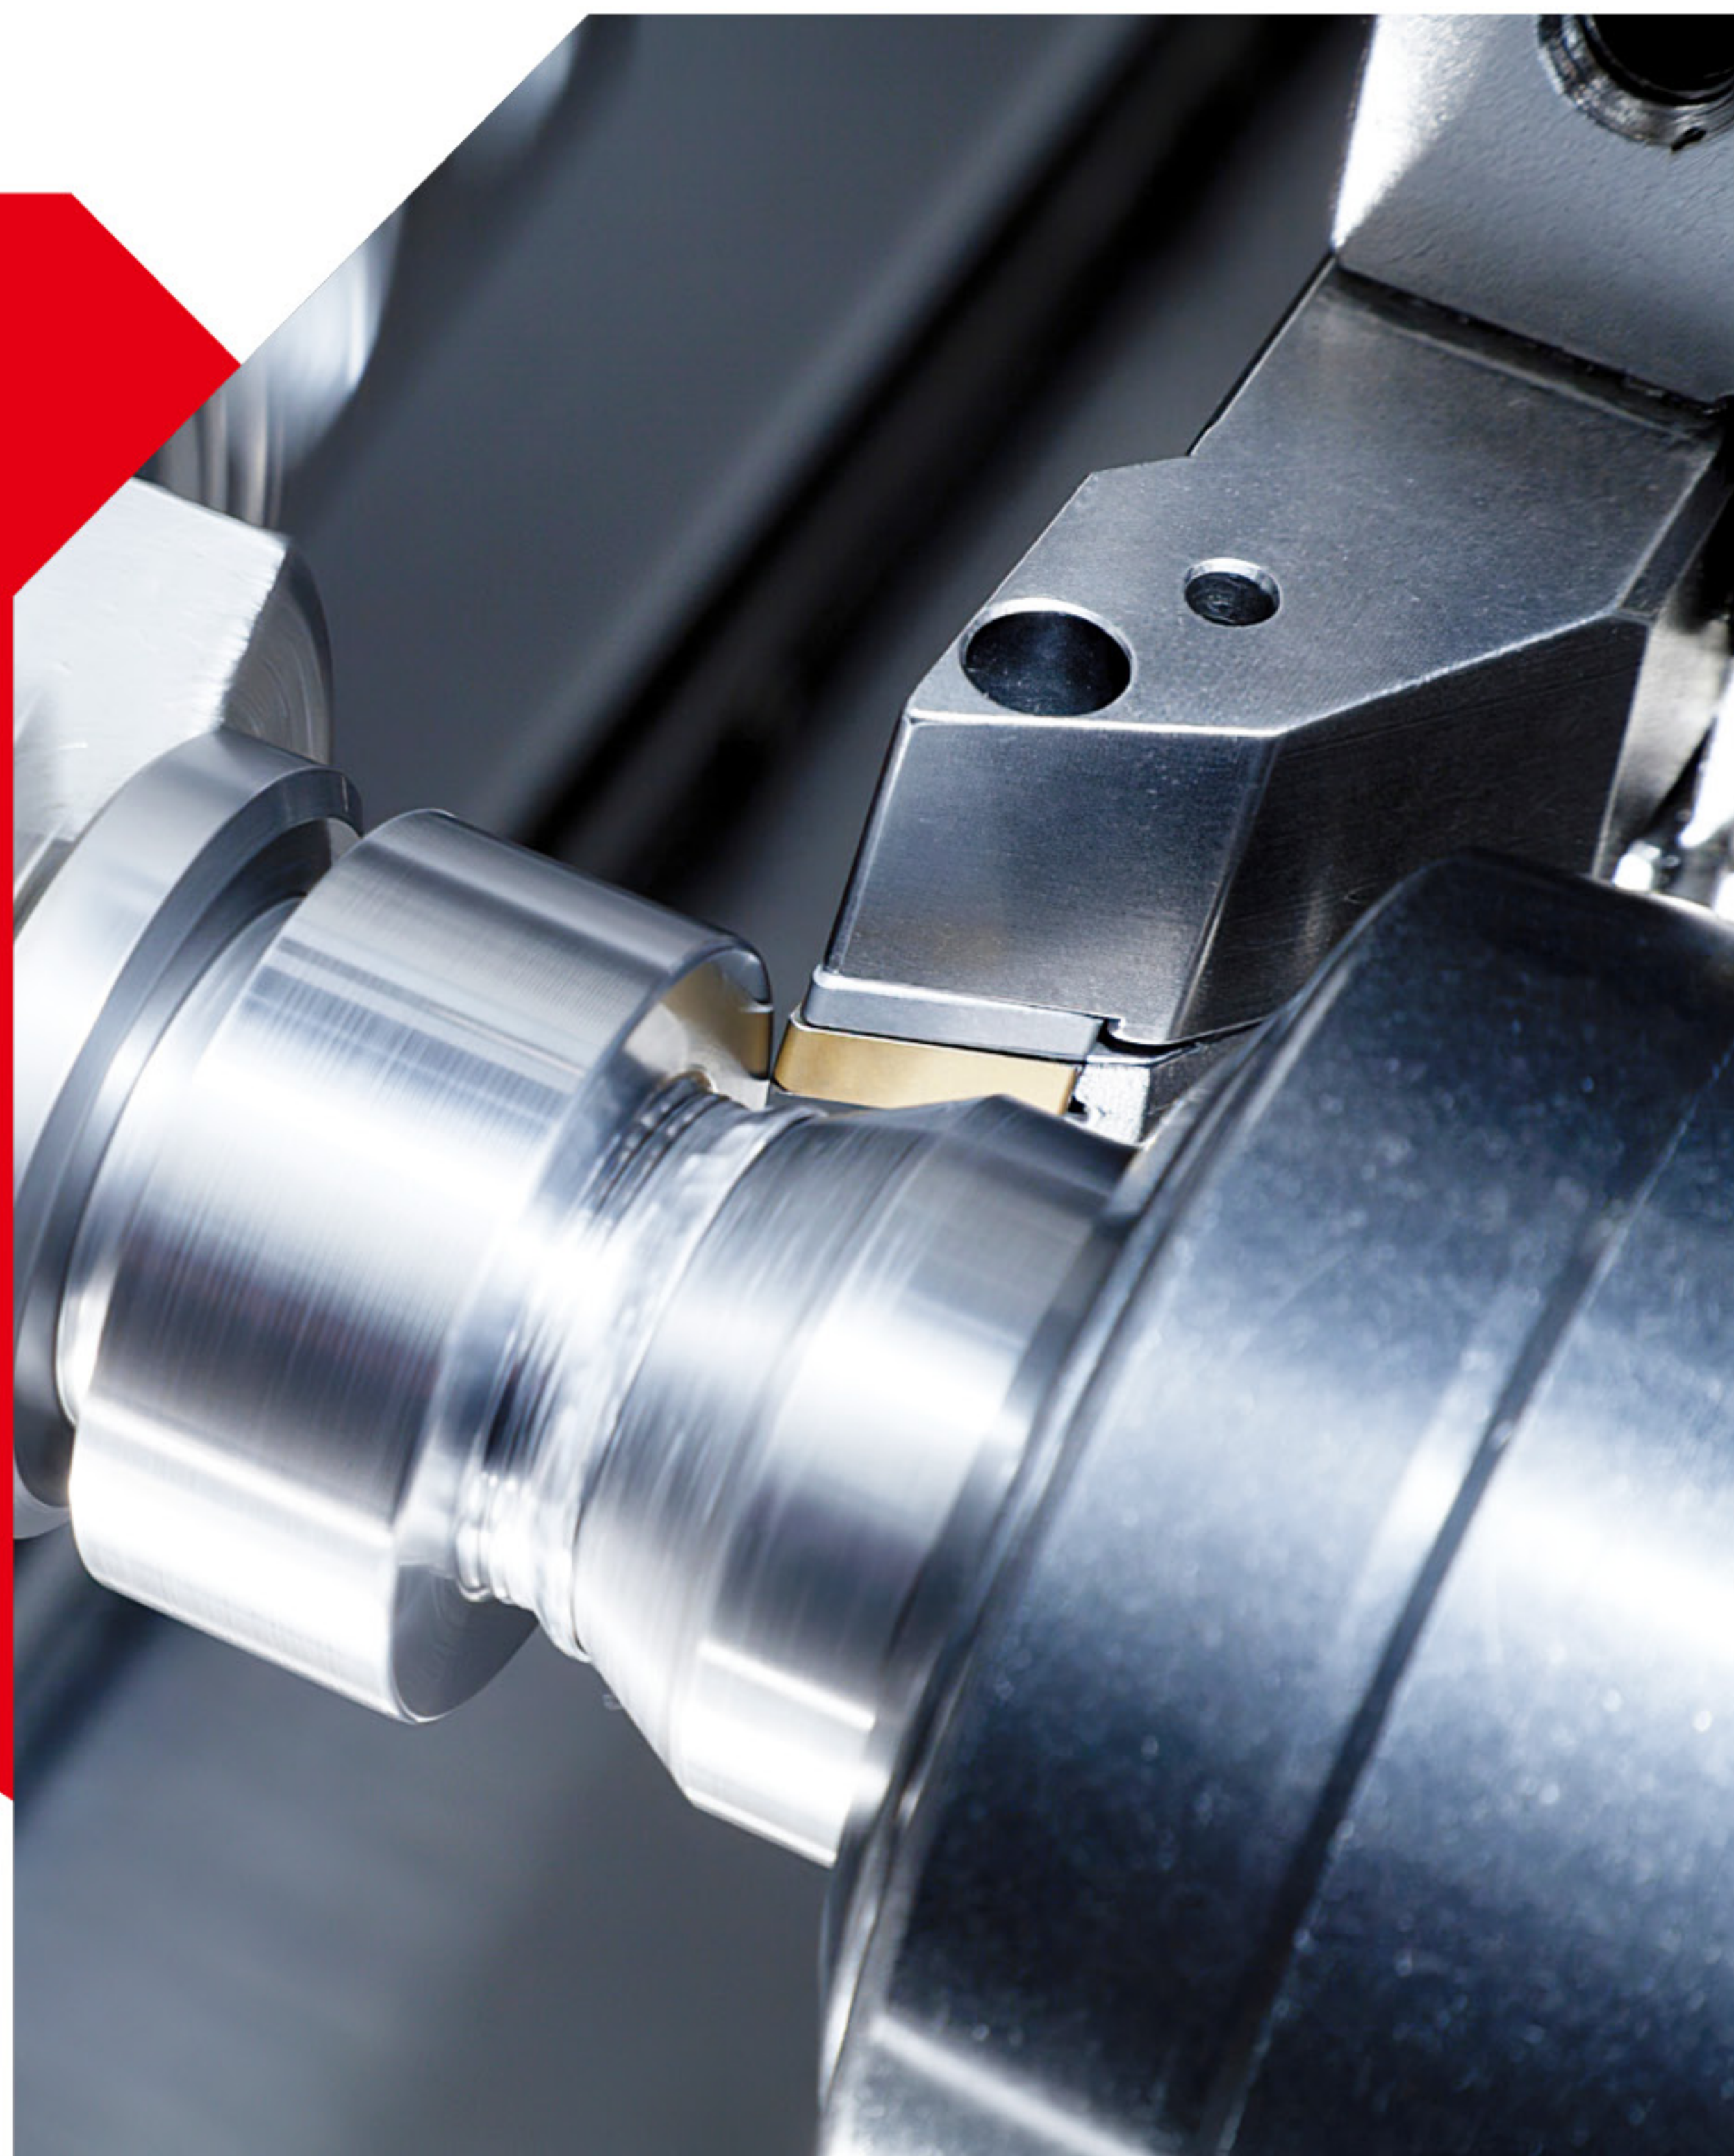

五金配件介绍指南

.....

广东博辰五金科技有限公司
Guangdong Bochen hardware Technology Co., Ltd.

科技兴业，质量创牌，诚信经营
and technology, create brand by quality and operate
in good faith. Develop industry through science

梦想，像一粒种子，种在心里，可以成长！
可它不会自然去成长，只有用人双手去栽培，
用汗水去浇灌，它才会生根、发芽、开花、结果！
博辰，一直在努力追逐着自己的梦想，
“以质量立厂、以科技兴业”的发展道路，
不断投入新产品研发，全力进行新产品推广，
更加完善售后服务保障机制，
努力满足客户对产品功能、质量和服务的需求；
博辰，不仅勇于追求的梦想，
还要争取在自己的领域中成为领导者。
在未来，博辰将继续不断强大……

博辰

ABOUT BOCHEN

关于博辰

博辰

COMPANY PROFILE

公司简介

广东博辰五金科技有限公司，前身为广东米多精密磨具有限公司，成立于2019年，公司管理团队和技术团队有着15年精密五金配件的生产经验。公司现隶属广东省东莞市长安镇，号称（中国干强镇），近两年将在号称电器之都的浙江省柳市镇开设分公司。

本公司拥有一流的生产技术，先进的生产设备和专业的技术人才，专业承接各种精密五金，各种非标准件的生产加工。现有设备走心机，台湾机，数控车床，全自动仪表车床，滚丝机，CNC一台，冲床，磨床等设备；本公司的产品种类齐全，现主要生产非标准件，接线端子，接插件，螺丝，螺母，螺栓，调节杆，铆钉等等；主要包括：德标（DIN），美标（UNC,UNF），

英标（BSN），国标（GB）等；精密配件有汽车轴承，拉杆，空心铜柱，垫块，插件等等。我司生产五金配件的品种种类齐全，可广泛应用在断路器，配电柜，风机，空调，家具，建筑，灯具等机电及轻工业装配上；部分产品应用于无人机，电脑，手机，手表，等高端产品上。

本公司随时承接来图或者来样加工，并为客户设计制造特殊要求产品。

高品质的产品是赢得市场的保证，以客户提供的无可挑剔的产品和服务为宗旨，以强大的技术力量和现代化的管理手段，不断进取，不断创新，力争为振兴民族产业，促进社会经济的发展做出贡献。

Guangdong Bochen hardware Technology Co., Ltd., formerly known as Guangdong Mido Precision Abrasives Co., Ltd., was established in 2019. The company's management team and technical team have 15 years of experience in the production of precision hardware accessories.

The company is now affiliated to Changan Town, Dongguan City, Guangdong Province, known as (Qianqiang Town in China), and will open a branch in Liushi Town, Zhejiang Province, which is known as the electrical capital of Zhejiang Province in the past two years.

The company has first-class production technology, advanced production equipment and professional technical personnel, professional connection with a variety of precision hardware, a variety of non-standard parts production and processing.

The existing equipment center machine, Taiwan machine, CNC lathe, automatic instrument lathe, wire rolling machine, CNC one, punch, grinder and other equipment; the company's product range is complete, now mainly produces non-standard parts, terminals, connectors, screws, nuts, bolts, adjusting rods, rivets, etc.; mainly include DIV, UNC, UNF, BSN, GB and so on.

Precision accessories include automotive bearings, pull rods, hollow copper columns, cushions, plug-ins and so on.

Our company produces a wide range of hardware accessories, which can be widely used in circuit breakers, distribution cabinets, fans, air conditioners, furniture, construction, lamps and other mechanical and electrical and light industrial assembly; some products are used in drones, computers, mobile phones, watches, and other high-end products.

The company will undertake the processing of incoming drawings or samples at any time, and design and manufacture products with special requirements for customers.

High-quality products are the guarantee to win the market, with the purpose of providing impeccable products and services to customers, making continuous progress and innovation with strong technical force and modern management means, and striving to revitalize the national industry and promote social and economic development.
